Kenadi Dodds, America's Got Talent season 15 Finalist, is a 17 year old Country music artist. Kenadi has dreamed of becoming an entertainer since her first Shania Twain concert at nine years old.

She is inspired by her parents who are both going blind, from a rare eye disease. Through their example Kenadi has learned to live life to its fullest and has the full support of her family as she reaches for the stars to chase her dreams.

Kenadi is coached by her dad, a two-time paralympic athlete, who has taught her the importance of hard work and perseverance.

Her love for music has inspired her two younger sisters to follow in her footsteps. Kenadi is determined to bring fun, love, and positivity to the world through her music.
